

The New

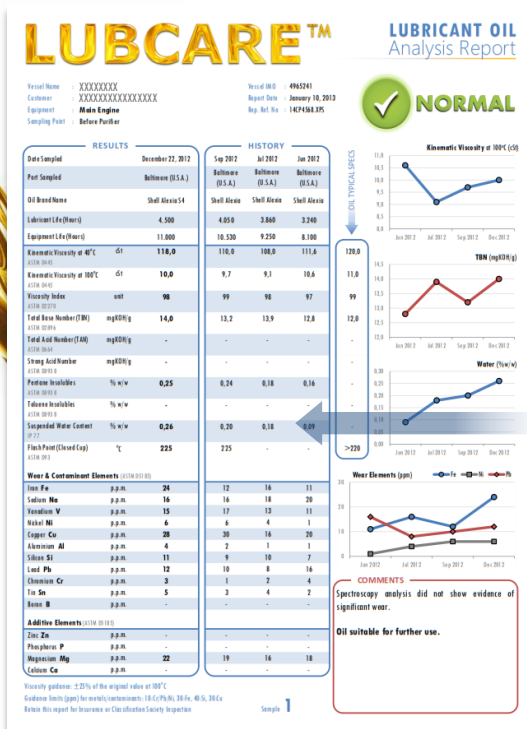

LUBCARE™

Shines!

The complete lubricant monitoring solution you trust, gets better and keeps you trouble-free.

Simpler, Clearer, Better.

Designed from the scratch, more informative reports with unique layout and modern easily-read fonts.

← Distinct status figures

← Redesigned graphical & statistical elements

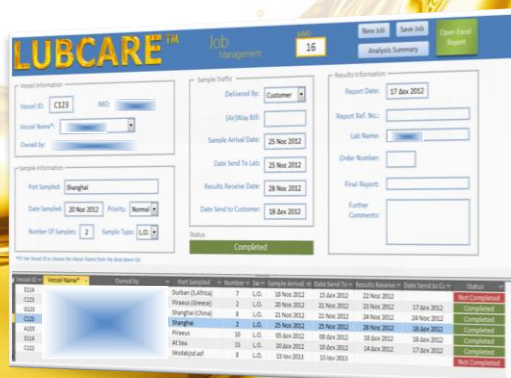

More history data on the same single-page report style, gives you a more detailed image of your equipment condition

→ New summary report for quick overview

Under the hood, Lubcare™ analysis program is now driven by the Lubcare Information System™. A software specifically designed and tailored for Lubcare analysis, based on a state of the art dynamic database architecture. Your benefits are:

- ✓ Ultra fast response to your queries
- ✓ Fully customized statistics according to your needs
- ✓ Better analysis history data protection

Order your Lubcare Sample Kit now, free of charge and let us help you to predict!
